vin : Alternate, F. M. Spurrier. General Order No. 6, issued at Topeka Aug. 20, by pleasure in aunouncing to the comrades a gain of 677 in our membership since the last annual En- OHIO. amoment and the muster in of 16 new Posts. While this gain is not as large as we ought to have, yet, considering the stringency of the times, it is quite gratifying. I call upon every comrade to exert himself to gather into the Posts every old soldier in his vicinity. The membership of our order has been greatly lessened by the dropping of comrades from the rolls for non-payment of dues. These are often left to accumulate until they amount to a considerable sum, and the comrade finds himself un-Quartermaster in notifying the comrades of the amount due before they have so accumulated would often result in prompt payment. I recommend in all cases where the comrade is unable to pay, that the Posts remit the dues and place the comrade in good standing. Don't let us crowd any

old soldier out of the Order simply because misfor-tune's heavy hand renders him unable to meet its financial requirements. There are many cases in the Department where comrades have run behind in their dues, being unable to pay, have moved from the locality where their membership existed, but have still been carried upon the rolls. They now desire to join a Post at their new home. This they cannot do until they pay up all arrears due their former Post. This they are often unable to do, and so the comrade is kept outside the Post room. I earnestly recommend in all such cases that the Post to which they formerly belonged remit such dues, or reduce them to such a limit as to enable the comrade to pay up and join another Post. A great many comrades throughout the Deand as it stands now no one is benefited. The Depariment Commander desires to call special attention to the auxiliary Order of the G.A.R., the Woman's Relief Corps, which is doing such agrand work among the comrailes and the old soldiers of the De-

partment. By their unselfish devotion and untiring

zenl these patriotic women are smoothing the path-

way of many an old comrade. By deeds of charity

and labor of love they lighten his burdens and

cheer the too often lonely and dreary life. Every

Post in the Department should have a Woman's

Relief Corps. Wherever there are enough old soldiers to organize a Post, there are enough loval, patriotic women to organize a Corps, which will bring to the Post new zeal and enthusiasm, a spirit of fraternity and loyalty that cannot be quenched, and a charity that is as loving and tender as a mother for her child. Posts that have no Corps should communicate with Mrs. Belie C. Harris, of Emporia, Department President, securing instructions and blanks, and proceed at once to institute the most valuable nuriliary in our Order for their Post. The State Reunion, to be held at Ellsworth the first week in October, under the auspices of the G.A.R., promises to be the most largely attended of any yet held. The local committee at Ellsworh are sparing no pains to make this one of the most enjoyable ever heid. The new buildings erected by the G.A.R. will be completed. An auditorium capable of seating over 5,000 people, lighted with electric lights, will afford a splendid place for Camp-fires, and a large number of prominent comrades,

both from within and without the Department, have promised to be with us on that occasion, and song and story will enliven every hour. Let every comrade and soldier that can attend this Reunion (Estirond fare to Elisworth Reunion, one fare for the round trip, on all roads in Kansas, good from September 30 to October 7.) PENNSYLVANIA.—

The part taken by Pennsylvania at the National Encampment was more prominent than the Associated Press reports would indicate. Knowing that the representatives from this Department were that the representatives from this Department were important factors at all such gatherings. I was surprised to see the meager accounts relative to their doings. The Milwaukee papers containing elaborate accounts of the Convention soon banished from my mind the thought that our delegates had cooked rations (or money to buy 'em), and the taken a "back seat." During the week of the Encampment, Pennsylvania was represented everywhere. In the canvass for Commander in Chief a Milwaukee paper said: "The Pennsylvania dele-gation has heretofore had the reputation of leading to secure the passage of a service-pension law to fore the Encampment. If it is true that 'as Penn-

the van in its action upon matters which come be sylvania goes, so the Encampment goes, it may be taken as firmly settled that Gen. Alger is the coming man, for at a late hour last night the Pennsylvanians agreed unanimously to support him for Confederate prisons be allowed \$2 per day for each | Commander-in-Chief. The meeting also agreed to recommend to the Encampment the adoption of the suggestion of The Naval Post to add an anchor made equal to gold at the time they received said to the Grand Army budge, for the use of Naval veterans." And as Pennsylvania went, so the Enmander, J. L. Eggleston; S. V. C., J. H. Bellville; J. V. C., J. Lemmist; O. D., W. H. Haskell; O. G., from a Milwaukee percent and J. C. Hazzard, of Monongaheia City, told some of his funny (?) yarns; Gen. Louis Wagner and Col. R. B. Beath knew what to say, and said it; Commander Thomas J. Stewart kept his eyes on Comrade Hazzard and Quartermaster John Taylor was busy booming Comrade Lovett, of New Jersey, for Junior Vice Commanderin-Chief. Shipmates Sol, Pinheiro and Wm. Simmons met the naval veterans, and the privelege of wearing an anchor attached to the G.A.R. badge, which was granted to naval veterans, was mainly due to their efforts. Comrade Joseph K. The visit made by Wilde Post, No. 25, of Chester, to Smyth Post, No. 1, of Wilmington, Del., last week, proved a most enjoyable trip. About 200 comrades, accompanied by the 6th regiment N. G. At a recent meeting of T. F. Meagher Post, No. 3, National Soldiers' Home, the following resolution was unanimously adopted:
Whereas the Hone Bulletin in its issue of Saturday, July 20, 1889, contained the following untrue, heartless, unmanly and slanderous slur upon the memory of our dead comrades buried in the National Cemetery, as follows, "The graves in the National Cemetery are getting so close to the fruit trees that the apples have an alcoholic flavor ";

Resolved by T. F. Meagher Post, No. 3, Depart ment of Virginia, That to mark our unquantled condemnation of this base and outrageously shame ful assault on our loved comrades reposing in "the

bivouse of the dead," this Post deems the author of this ghoul-like slander an unworthy comrade, and an unfit associate for men true to the principles of F., C. and L., and that this resolution be spread upon the minutes of this meeting, and a copy be sent to The National Tribune and Hampton Monitor for publication. SONS OF VETERANS, U. S. A. 78 FIFTH AVE., CHICAGO, ILL., Sept. 2, 1889. General Orders, No. 26. I. These will be the last General Orders issued by this administration. . III, George A. Abbott, in Providence, R. I. is hereby appointed Aid-de-Camp on the Staff of the

Commander-in-Chief with rank from date. He will be respected and obeyed accordingly. IV. Good and sufficient cause appearing and on the recommendation of the Colonel commanding, the charters of the following Camps are hereby voked: Camps 12, 13 and 144, Division of Michigan. The Colonel commanding will see that transfer cards are issued to all members of the Camps in good standing.

VI. Recommendations for changes in the Ritual.

Constitution, Rules and Regulations have been received from the following Divisions since last Gencut, Massachusetts, New York and West Virginia, These should have been received previous to the issning of General Orders 25, as required by General Orders 24, and the time having clapsed for the publishing of the same, they will be submitted to the respective committees to which they belong without publication. VII. The Commander-in-Chief wishes to officially thank Past Commander-in-Chief Warner of the Grand Army of the Republic for the many favors extended to the Sons of Veterans during his administration just closed, and especially for the kind attention and encouragement he gave the Order at

the recent Encampment of the G.A.R. at Milway-

kee. He further wishes to extend his thanks to

the many Sons of Veterans who lent their time and aid toward making that part of the exercises at Milwaukee assigned to the Sons of Veterans, a sucess in every particular. \* \* \* X. In closing our administration, we wish to express our thanks for the universal courtesy which has been extended to us from all Brothers of the Order. In an administration of 25 months, many important matters must of necessity arise, and in disposing of these, it would be quite superhuman to do so with absolute perfect judgment and to the complete satisfaction of the many differing minds n so large an organization as the Sons of Veterans, U. S. A.; therefore we are not disappointed that honorable and conscientions Brothers have differed with us, but we are pleased to know that through it all there have been no deserters, nor any serious dissensions, but the Order has been harmonious, its growth forward and upward and that true loy alty to its principles is still among its dominan characteristics, and in expressing our appreciation for past favors and courtesies, we ask the ther consideration, that you extend to the succeed-

ing administration the same devotion that you have to this. May God bless and prosper our country and our beloved Order. By command of G. B. ABBOTT, Commander-in-Chief. A. L. GUILFORD, Adjutant-General,

A Pleasant and Profitable Session in Milwankee-Officers-National President's Address.

RELIEF FOR JOHNSTOWN SUFFERERS. The report of the Senior Vice-President was not printed for distribution, but was of thrilling laterest, embodying, as it did, an account of relief in Johnstown, Pa., as afforded by the W.R.C. Mrs. Lynch, in eloquent and feeling terms, portrayed the unusual and extraordinary demand for help in the Conemaugh Valley, and the royal response of desirable would cost more in the premium paid the women of our Order to this call. Additional | than would be the income from them for the short statistics were furnished her by delegates from time they have to run. I consider it wiser to Pennsylvania, and the whole will be given in these columns as soon as combined and issued. National Junior Vice-President Inzetta A. Small | and, therefore, place this matter before the Conforwarded her report, and it was read by Assistant | vention. Secretary. She reports an unprecedented growth of the W.R.C. in Maine during the past year, more than double that of any previous year. She had hoped to see a union of the two organizations working for the soldiers in the State of Maine, but overtures to that effect had as yet met but little

The advantages of being a part of the National organization must be more and more apparent as time goes on, and we trust the near future will yet see the two bodies of loyal women united in one grand whole. THE FINANCES.

Report of National Treasurer was submitted by Lizabeth A. Turner, of Boston, Mass. No one woman stands nearer the hearts of the rank and file than this, "the noblest Roman of them all." How faithfully she has served the Order, with what graceful good humor she has met the perplexities of the work only those who have watched the past six years can know. When the Convention at Milwaukee said "it is enough-now serve us in another capacity," the well-trained veteran showed the fiber of a true soldier in her cheerful, unquestioning, ready obedience to orders. The account current of her report is as follows: Account Current.

The seventh annual Convention, W.R.C., at Milwaukee, opened most auspiciously, favored by real Wisconsin sunshine and Summer weather Two hundred and ninety beaming faces turned platformward at the group of women surrounding Mrs. Craig. Past National President Emma S. Hampton, of Michigan, is the only one present of that fine group of able women who have served the Order as Chief Executive. We miss E. Florence Barker, Sarah E. Futler, Elizabeth D'Arcy Kinne, and, perhaps most of all, Kate B. Sherwood. Mrs. Craig presides with case, composure and

dignity. Her fair face is alight with intelligence, and is a womanly recast of Secretary Rusk's wellknown features. Her successor sits by her; the old Army Nurse of battle fame, Annie Wittenmyer Younger women stood aside that this friend of the soldier might come to the front and lead our woman hosts to another year's victory in the service of the G.A.R. Mattie A. Moniton was also stendfastly supported by a large number of delegates. The basis of representation changed to one for every 600 instead of 800 as heretofore.

National President's Address. Extracts from address of National President Charity Rusk Craig, at Milwaukee Convention:

"WORK OF THE YEAR." I would call special attention to the work of the National Pension and Relief Committee which was appointed at the beginning of the year. The report of this committee will show that much of our surplus has been expended upon the Army Nurses, where it was needed, and that a much Nurses, where it was needed, and that a much larger amount of work has been done in classifying and filing records, and in pushing the pension bills than ever before This one committee has dene such good work that they deserve the thanks of the entire Order. It has been the duty of the National President to carry out the amendments, resolutions and acts of

SIXTH NATIONAL CONVENTION.

And I deem it a part of my duty to report the results of my efforts. Amendments made to the Rules and Regulations and written work were embodied in General Oders, Nos. 2 and 3. Provisions for the issue of the Recognition Pin as adopted by Convention, were made at the Council meeting immediately following, and it was expected that in a few weeks it would be among the regular supplies of the National Treasurer. After contract was let and minor detail of design, not laid out by the Convention, had been approved, information was received of a patent covering the same pin, and that to issue as intended would be an infringement of said patent. The contract for making a pin had been given, conditionally, to Jos. K Camp No. 49, of Leonardville, had 16 applications and nine mustered in at its last meeting. This is circumstances, I took counsel of able

lawyers and declined to have the pin issued by either of the parties unless bonds should be given that the W.R.C. should be free of expense in case suit was brought to test validity of patents. This difficulty was solved, however, by the holder of the patent on the pin, Mrs. Margaret I. Sandes, of Chicago, presenting to the Woman's Relief Corps The Seventh Annual Convention, Chicago, presenting to the Woman's Relief Corps

papers of Headquarters. I think the thanks of the Order, in addition to those returned at the time, are due Mrs. Sandes for her generosity.

The design of Mrs. Sandes's being too light for a bronze pin, a new one was made for the official pin which can be studied at leisure in the A Pleasant and Profitable Session in Milwankee—

delegates' badges. In General Orders, No. 5, the
method of issue, to Departments and Corps, of this
pin, as adopted by National Convention, was called to the attention of this Order.

The Sixth National Convention also adopted inquiry, both at home and through National Treasurer, this part of the proceedings has not been carried out, because it did not seem to be best financially for the Order, as the bonds most place the surplus fund in some good bank, even at a low rate of interest, than to buy bonds with it,

REVISION. The committee appointed to perfect the written work, and place it before the President for approval, has given much time and thought to this work, and while the delay of issuing these revisions has been greater than was expected, and has somewhat retarded the growth of the Order for the year, their work as a whole is to be commended, The first issue of the service books, through a misunderstanding, did not include the burial service. which was not a part of the revisions, but which was expected to be in the same cover. This error can be remedied in next edition, and has been so ordered. \* \* The Rules and

Regulations received my hearty indorsement. FINANCES. The reduction in price of supplies at the beginning of the year, and the increase in the issue of solved problem. We find, however, that our funds have increased and we are on a sound financial basis.

DEPARTMENTS. All the Departments are in a flourishing condition both financially and numerically. The Provisional Department of Tennessee, com posed of three Corps, has been formed.

The Provisional Department of New Mexico and Texas has received an impetus, by the inspection and trip of its President, that will result in much | Hall, Indianapolis, Sept. 24 and 25. \$6,859 80 good to the Department. The question having arisen in Department of Potomac, Grand Army of the Republic, whether a Post of that Department could have its own auxiliary, after Potomac Corps had been organized as auxiliary to the Department of the Grand Army, and not to one Post, under special action of fourth National Convention, the following decision was rendered by me in the case:

"The special legislation allowing Potomae Corps to organize as auxiliary to the Department of Potomac, Grand Army of the Republic, instead of to at 10 o'clock a. m. one Post does not operate to keep individual Posts from having an auxiliary Woman's Relief Corps of | IOWA. their own, provided the Rules and Regulations are complied with. Such construction of act of fourth National Convention would be virtually suspending the Rules and Regulations in Department of Potomac for all time, and not for that one session of Convention, which would not be constitutional. In accordance with this decision, Burmside Corps, Farragut Corps and Lincoln Corps, auxiliary to Posts of like names, were organized under my instructions. The relief work needed in this Department is large, and if every Post had an Reunion of the 4th Ky. Inf. and 9th Ky. Cav. The Department of Dakota, on secount of the at Lagrange Sept. 27. auxilliary there would still be much left to do. division of the Territory into two States, has been in a somewhat unsettled condition. I would recommend that this Department continue as one until the next Department Convention, when each section of the Department shall be called to a Contime; otherwise to continue as one.

GROWTH OF THE ORDER. All the Departments have grown either in membership or usefulness. We number 73,055 members in good standing, and all the Departments are working together and in harmony with the Grand

MEMORIAL DAY. The practice of keeping sacred this day has of our obligation to the veterans and the sacrifices made by those sleeping in the sunny South are appreciated more and more. There was issued with Memorial Order the appeal of Phil Kearny Post, of Richmond, Va., for help to decorate the National Cemeteries near them, and the response to that appeal, sent to every Corps, I am proud to ments, and we hope that each year will find more of our National Cemeteries remembered by this Order, and our Southern veterans helped in their loving work of decoration.

RELIEF WORK. The relief work extended by this organization to veterans and their dependent ones, and the widows and orphans of soldiers, sailors or marines of the late war as shown by the various reports has never been so large as during this year, and would, if nothing else were given, prove the flourishing condition of the Order. The National Pension and Relief Committee expended, from the constantly accumulating funds of one-half the per capita tax paid into National Treas- the week regiments and other associations ury, the sum of \$2,322.65 for the benefit of the Army

Nurses. The call under Circular No. 1, brought into the relief fund at National Headquarters the sum of \$503.10, which was more than ample for the case named, and the generous contributions to this fund were only stayed by official notification that no more was needed. Departments and detached Corps have expended n this work the sum of \$54,479.81, making a total of \$84,271.60 expended in relief and turned over to Posts in the entire organization. I would recommend that as much as possible be given quarterly from the National Relief Fund to the Army Nurses

until a pension is secured to them. RECOMMENDATIONS. The following are the recommendations in the President's address accepted by the seventh National Convention:

That the Treasurer be required to give bonds for double the amount of money on hand, That the sections on arrearages in Rules and Regplations be made to conform to Grand Army ruling on the same subject, namely: "Any member six months in arrears for dues shall be notified in writing by the Secretary, and if the same are not paid | Treas., D. Arthur Brown, Penacook : Historian, within two months thereafter, she may be suspended from all privileges of membership by vote of Corps." And that the sections on dropped mem-

bers shall also conform.

That the words "near the altar," in Service Books, in conducting election of officers, page 5, be | Concord. changed to "Treasurer's desk"; and that in elections in Corps tellers be not appointed to do work assigned to Conductors, (see duties of Conductors on ritual cards,) but that one extra be appointed to assist at the count. That the per-capita tax be reduced one-half cent

per member, and that as heretofore one-half the per-capita tax be placed in relief fund. At sixth National Convention, W.R.C., held in Columbus, O., 1888, a committee of three was appointed to consider the advisability of the W.R.C. sending a representative to International Council of Women at the next triennial meeting of that body. The Chairman of that committee was Kate B. Sherwood, and in her absence the following was presented to seventh National Convention at Mil-LANSING, MICH., July 22, 1889.

HETTIR M. NICHOLS, National Secretary, W.R.C. DEAR MADAM: As the third member of the com nittee to consider representation of the W.R.C, in International Council of Women, I would submit the following statement: 1. I am convinced that so far as woman's work in the Order of the W.R.C. concerns women, it would be greatly to our advantage to have a representative in that triennial Council, through

by our report, and stimulated thereby to higher planes of thought and completer concert of wom-3. That the world-at-large would be bettered and weary workers everywhere be cheered by the voice of our Order pronouncing the fraternal "Godspeed you" of 70,000 American women, on all holy work. 4. That the Grand Army of the Republic would

e glorified by such a showing of womanly devotion, loyalty and home appreciation. 5. That while our own personal convictions favor representation in said Council, yet, as a member of this committee, I feel bound to report the existence of a deepscated and conscientious opposition to it on the part of many of our best and wisest members, as well as many of the G.A.R. That the opponents of the plan are greatly in the majority so far is shown by investigation 6. That, as the Chairman of this committee is in Europe, and a unanimous report practically impossible at this Convention, we would ask for an extension of time in which to consider this impor-
